DRIVE FOR LIKENS WELL UNDER WAY; CAMPUS AIDS ACE

The drive to send San Jose State's national javelin champ, Bob Likins, to the A.A.U. track meet in Milwaukee, July 3-4, is well under way.

Several campus organizations, such as the Physical Education Society, already have contributed, but additional funds are needed, according to Publicity Director Danny Hill. The spear ace must have approximately \$350 to make the trip.

"All those who would like to give Likins the chance of becoming the first Spartan trackman to make the U.S. Olympic team may bring any donation they can afford to either Hill's office in the Men's gym, or send them to Walter Bealey, 97 E. Santa Clara street," the publicity director said.

"Since the school can not afford to send Likins, San Jose's Chamber of Commerce and the Spartan Boosters already have donated what they could as they feel Likins should represent the city, rather than a bay area athletic club," Hill stated.

Last Of La Torres Will Go On Sale

A final shipment of 400 La Torres, scheduled to arrive at the Student Union sales headquarters this morning, will probably be distributed tomorrow, according to Betty Patnoe, editor of the 1948 annual.

In Monday's Daily, Editor Patnoe advised students who had made deposits on yearbooks to come in and make arrangements to pick them up. Those failing to do so may face the possibility of forfeiting their down-payments, and La Torres.

This year's La Torre, published by the California Art and Engraving company of Berkeley, was limited to but 2500 copies, selling at five dollars each.

Librarian Calls In All Books Today

Miss Barbara Wood, circulation librarian, reminds all students to return books today.

Books that were renewed on Monday are due today.

Failure to return books and pay fines will result in the withholding of grades. For seniors, it will result in the withholding of certificates.

All fines are to be paid at the circulation desk.

DEXTER TO STUDY IN NEW YORK CITY NEXT SCHOOL YEAR

Benning Dexter, who has been a member of the music faculty at San Jose State college since 1939, will be on sabbatical leave during the 1948-49 school year.

He will attend Juilliard School of Music in New York for advanced work in piano. Dexter has a diploma from the Juilliard school and received his A.B. degree at San Jose State college in 1941.

While Dexter is in New York, Thomas Ryan, who was a classmate at Juilliard ten years ago, will fill his position. Ryan is a pupil of Carl Friedberg and has been teaching in New York City.

Before leaving for the east, Dexter will be on the faculty of the Fresno State college summer school at Huntington Lake.

Robinson To Attend National Meeting

Doris Robinson, Placement officer director, and four members of Kappa Phi will leave June 24 to participate in the national conference of Kappa Phi, being held at Wellesley college, Boston.

Attending the conference with Miss Robinson will be Ruth McQueen, retiring president, Ruth Brice, incoming president, Viola Smith and Ruth Maddox. Miss Robinson is sponsor of the group.

After the conference, which will last a week, the party will take a sightseeing tour of the eastern states.

Miss Robinson will return to San Jose State via Ann Arbor, Michigan, where she will attend the national conference of the American Alumni association. She is secretary of the San Jose State college Alumni association.

Theta Mu Acquires New Frat House

Theta Mu Sigma, on-campus social fraternity, will "have a home" when the members return to school for fall quarter, according to Treasurer Bill Soria. The group will be "in residence" at its new house at the corner of 10th and San Antonio streets.

The house, a large three-story structure, has facilities for 30 members, declares Treasurer Soria.

RALLY FOR THE STANFORD GAME, SEPTEMBER 18, 10 a.m., AT THE STUDENT UNION.

Old ASB Cards To Be Honored At Stanford - SJSC Struggle

Enrollment Doubles For Nature School

Enrollment of the West Coast Nature school to be held at Sequoia has been increased to 250 and its staff doubled, Dr. Gertrude Cavins, registrar, revealed yesterday. The school will open officially Sunday afternoon, June 20. The first meeting will be held at 7:30 that evening.

Additional instructors are Dr. G. A. McCallum, Dr. Mathew F. Vessel, Mr. Rocco Pisano, Miss Jan Haggerty and Dr. William Graf.

Daily routine for the students as related by Dr. Cavins, begins with a 6 a.m. reveille. From 8 until 2 the students will be on the trail. From 2:30 until 4:30 there will be optional side trips to Eagle View, Crystal Caves, Morro Rock and other points of interest.

Dinner will be from 4:30 to 6:30 with an evening meeting following at 7:30. Dr. and Mrs. Carl Duncan will instruct folk dancing from 8:30 until the day's program is concluded at 10:30.

Quiser Will Go To Phi Sigma Meet

John Quiser was appointed by Bob Agnew, president of Phi Sigma Kappa, to represent Xi Triton, the San Jose State college chapter, at the national convention of Phi Sigma Kappa which will be held in Boston July 15.

Other members of the fraternity who will attend from San Jose are Al Pinard, Cecil Perry, Louis Gado, Harold Gluth and Pat Felice.

The convention will be the first one held by the national fraternity in six years. This year marks the 75th year of Phi Sigma Kappa's existence.

SGO To Hold Banquet Reunion

Brothers and alumni of Sigma Gamma Omega, campus fraternity, will hold their annual stag banquet-reunion tomorrow evening.

The event will be held at Chateau Boussey at 7:30 p.m. Members are asked to notify all alumni in the vicinity.

Council Will Decide On Budget Today

In what will be the final meeting of the school year, the newly-elected Student Council members convene this afternoon in the Student Union to allot departmental budgets for the 1948-9 session beginning in September.

These budgets, according to President Tom Wall, will be greater than any previously allowed at San Jose State college. Bruce Craig, treasurer, will make the recommendations to the Council, from which the 13 members will vote approval or disapproval of the financial allotments.

Another item involving student body funds will be decided upon today, that being the establishment of the 1948-9 ASB card price. While the Council is expected to attach a charge of \$15 to the card, the amount must be submitted to vote before it becomes official.

These cards will go on sale in the Graduate Manager's office on September 1.

Also on today's agenda will be the appointment of the Chief Justice of the Student Court. The present Court, in a recent letter to Council members, submitted the name of Dick Brown in a recommendation for the Chief Justice position. The Council, however, tabled action on the appointment until today.

Other action at today's meeting will find the constitutional by-law naming skiing an inter-collegiate sport coming to a vote. This suggestion was made several weeks ago by Glen Hartranft, head of the Physical Education department. If accepted by the Council, provision will be made to grant athletic awards to three members of the Ski club.

'King Lear' Is First Play In Series Of Six; Tickets Now On Sale In Speech Office

"King Lear" will be the first play to be given in the 1948-49 Little Theater season of six shows, the Speech and Drama department stated today. Season tickets for the '48-'49 season and those for the summer session of six plays can now be ordered at the Speech and Drama department office.

The department also announced that Mrs. Paula Athey, costume director, will be on leave next season. Her place will be filled by Madelynn Sinco from the University of Denver.

"Lear," which the department calls the most complex characterization ever created by Shakespeare, will be given October 28 to November 2.

The rest of next season's play include "The Late Christmas Bean," by Sidney Howard. The dramatists call it a domestic comedy with humor and pathos affecting true human characters. That show will open just before Christmas on December 2 to close December 6.

"Love for Love" by William Congreve will start February 3 and end on February 7. This is a satirical and sophisticated Restoration farce-comedy.

"Margaret Fleming," by James Herne, opens March 10 to 14. Some authorities have called this play "the outstanding dramatic portrait of early American drama."

"Right You Are" (if you think you are!), a philosophical comedy

The Spartans will open their 1948 football schedule on Saturday, September 18, when they clash with Stanford at the Indians' stadium.

VETERANS TO GET CHIT FOR NEV. TILT

By BOB BODEN

Hang onto that old Student Body card!

Spartans with worn and tattered 1947-48 ASB cards have yet to receive their total worth. Those yellow pieces of paper are tickets to the first big football game of the year—the defeat of Stanford on the gridiron.

HONOR OLD CARDS

Acting to assure a record turnout to support the men of Sparta in their tussle with the Stanford Indians Saturday, September 18, at Palo Alto, Bruce Craig, ASB treasurer, announced today that old ASB cards will be honored at the pre-registration game.

For the Nevada-San Jose State game slated to be played in Spartan stadium the Friday before registration (Sept. 24), it's another story.

Craig pointed out that ASB cards will be placed on sale September 1 to give ample time for students to procure them before the Nevada game. He said that in this case restricted space will not allow the old cards to be honored.

VETS TEMPORARY CARDS

Veterans in good standing with the college will be able to procure a temporary ASB card in the Graduate Manager's office several days before the game.

Harry Brakebill of the Business office pointed out that the temporary card will be expressly for the purpose of admitting veterans to the Nevada game. Following the game the value of the card will be terminated. Regular cards will be issued at registration.

by Luigi Pirandello, will be given by the department May 5 to 9.

In honor of the California Centennial an outdoor production of "Rose of the Rancho" by David Belasco will close the season June 2 to 5. This is a romantic drama of early California ranch life.

Persons who order season tickets now will be contacted for payment during the last part of September. The department has announced that wherever possible seating requests will be filled.

Walters To Attend Boston Convention

Edward Walters will go to the 92nd anniversary convention at the Copley Plaza hotel in Boston, Mass., to represent Theta Chi. He will attend the convention from September 9 to 11. George Guntli was selected to be the alternate representative.

The final meeting of Theta Chi, held Wednesday evening, was held for the election of officers. Edward Walters was elected to head Theta Chi as president for the next year, according to Duchen Thomas. Other officers elected were: George Guntli, vice president; Conrad Eaton, secretary; Harry Schuman, marshal; Dick Campbell, first guard; Joe Hornbaker, second guard; Brice MacDonald, chaplain; Keith Medeiros, librarian; Leeland Degan, historian.

Coop Costs Are Kept At Minimum

By LEONARD KREIDT

Operational figures released today by Mrs. Eva Carver, Coop manager, indicated the Coop has been operating very close to the cost line during this quarter. Statistics included in the report cover the period from March 19 to May 31, 1948.

On the basis of a comparison of figures for the same period in 1947, the Coop has managed to keep the prices of meals to the bare cost line in the face of increased labor costs and expensive repairs and replacements.

WAGES AND SALARIES

Wages and salaries for the two months of April and May, 1947 amounted to \$7717.26. For the same two months of 1948, wages and salaries were \$9042.28, an increase of \$1325.02 for the period.

The average student who enters the Coop spends \$17, according to the tabulations of counter checks. For the month of May, 1947, the average check was \$20. Mrs. Carver explained that ala carte menus have resulted in lower per capita expenditures but that the volume of trade has increased.

AVERAGE LOSS

The Coop operates on an average daily loss of about \$6, according to Mrs. Carver. The daily average expenses and income, respectively, for May, 1948, were \$557.74 and \$551.97. This deficit mostly represents the large inventory which must be carried. Mrs. Carver explained that due to high costs of food, she has been laying in supplies of certain foods and consequently carries a high inventory. Inventory figures will not be

available until after the June close-down.

TOTAL EXPENSES

The report shows total expenses of \$24,717.55 and total income, including accounts still outstanding and other income, amounts to \$24,528.04. This leaves a deficit of \$189.51 for the quarter up to June 1. Previous end-of-quarter inventories have run between \$2500 and \$3000, according to Mrs. Carver, so that the deficit loses its significance.

The Coop operated a total of 25 days in March and April and 20 days in May.

A regular, full-time staff of 22 people is employed and 58 students work on a part-time basis. The student payroll for May was \$1564.98 for a total of 2,151 hours of work.

'Seniors Seem To Have World By Tail'--Broyles Peers Ahead

By LOU NOIA

What lies ahead for our graduates as they leave college to make their way in the world?

Although "seniors seem to have the world by the tail," they should think of what happens during a period—the next thirty years, for example—not where one expects to be at the end of it, according to Mr. Owen M. Broyles, associate professor of economics.

He warns that forecasting for society is "subject to great oversimplification and error." Although it is impossible to predict specific experience, Mr. Broyles believes that, after a fashion, each person "must be his own forecaster."

SURE THINGS

The world may be a maze of uncertainties, but the economics instructors points to certain factors which he believes to be "sure things."

1. A great many people who are now indispensable to our social structure will die.

2. There will be more people in the United States, and the rest of the world, to take care of.

3. Our society will be pretty much "as is," with more social direction and housekeeping.

4. Estimates of price changes and the value of the dollar emphasize the cost of World War II, and suggest a 60-cent dollar compared to 1939. There does not seem to be much thought of a long period of declining prices, such as followed the Civil War. The price level will fluctuate and the dollar may be cheaper after ten years than it is now.

5. The people are anxious to work less. This will cut down the chances of raising level of living. "People don't want cake if they have to work for it."

SOCIAL OVERHEAD

6. Social overhead will cut living possibilities for college-trained

people. They will increasingly realize that they are "keepers of their brothers."

7. Most estimates of the next decade or two are made on "op-

OWEN M. BROYLES

timistic bases" (no war, no Great Depression), and do not give the idea that the "living will be easy."

"No matter what is going on, a person must keep his own plans in mind, make adjustments, and keep working toward the best choices offered," concludes Broyles.

Stronach Receives Award For Service

Lee Stronach, retiring president of Alpha Gamma, art fraternity, was presented with a gold gavel attachment for his fraternity pin, at a meeting last Thursday, in recognition of his service to the group the past year.

Also at the meeting arrangements were discussed for a summer barbecue and a sketching tour. Date for the barbecue was set for July 17. The sketching tour date will be announced later, according to Jim Mapes, publicity director.

Mu Delta Phi Holds Farewell Dinner

Members of Mu Delta Pi, social and service fraternity, held their final social function at a farewell dinner held at Adolf's restaurant in Santa Clara last Wednesday, revealed Tom McColley, president of the group.

Indianans Rule Women Are Men

The Supreme Court of Indiana has ruled that women are men. And when the state's highest tribunal hands down a judgment, then that's it.

It seems that the Hoosier territory has a law hidden in its capital archives which prohibits gambling by the male hominids. But not a word is found in the legislative laws and by-laws which forbids practice of the costly pastime by our fairer sex.

Male egos were deflated as the women patronized the finer pool-hall backrooms and invaded the usually man-dominated all-night poker sessions. One of the hennies, unable to bear the strain and pain, turned informer. The court judges scrambled to their benches and began thumbing through law books.

After "due deliberation," they decided that women are men—except for a few "minor" variations—therefore subject to the "no-gambling by men" restriction.

CLOSING THE DOOR

With this edition, the Spartan Daily closes the door on one of the most outstanding years in San Jose State college history. Advancements have been made in all fields.

We have been blessed with strong student government. The Student Council hasn't always been right, but they have never flinched from facing each issue as it arose. They didn't take the easy way out and pass on to the new Council any touchy legislation. The new Council has a good precedent to follow.

The Student Court gave to the school a voting system which has been needed for a long time. This was the Court's outstanding contribution to the year. Few past Courts have been so well organized.

LA TORRE — A TRIBUTE

Betty Patnoe's La Torre staff gave the campus its best yearbook. It is a tribute to the staff that La Torre is one of the few college yearbooks which arrives on campus in time for students to collect autographs. Most schools distribute the annual during the summer months.

Spartan Knights, Spartan Spears, and Alpha Phi Omega, three service groups, were busy continually throughout the year. It is these three organizations that are always called upon to give time and effort in helping the administration and student body. Results of their efforts can be noticed around the campus and on all special occasions. In the words of some great bard, "They're terrific!"

STEP FORWARD

The work of the Fairness committee is a great step forward in giving each student an even break. The examinations file has been a big help to all students, and should be utilized by all.

The year's athletics have been outstanding, with basketball taking top honors. Boxing and wrestling teams were well represented in the nationals and track will take its bow soon. We are on the road to recognition, and athletics, the showcase of the college, will gain it soon. The forthcoming football season is good evidence of that.

Space doesn't allow bouquets to be passed out to all deserving organizations, groups, and events. Fraternities and sororities have become more dignified and have taken on the responsibilities of national affiliation. Fraternity and sorority houses will give these groups more opportunities for progress.

MOST MEMORABLE

Graduating seniors will look back on this year as the most memorable of their college careers. They are turning over to the class of '49 all the glamour, fun, troubles, and sadness of the final college year. It is with a mixture of happiness and sadness that they view commencement; commencement of a new life and the end of an old one.

With a sentimental backward glance over all the wonderful associations and experiences of four college years, we write "30" for an earnest and efficient staff to volume 36 of the Spartan Daily and to the year 1947-48.

Delta Sigma Gamma Holds Initiation

Delta Sigma Gamma, social fraternity, held its formal initiation ceremony recently at Adolph's in Santa Clara. Twenty-one new members were initiated.

Graduating members Dick Morton, senior justice of student court, and Dick Myren, were given farewell awards for outstanding service to college and fraternity.

Last activity of the quarter for

the group was a barbecue and beach party held Sunday at Moss beach.

Statistics Show Spartans' Health Improved Today

A glance at Health office statistics seems to indicate that Spartans today are a healthier crew than they were in 1940.

At that time, we had 4,076 registered for the autumn quarter and 36,141 treatments were given at the Health office. Now, out of our present crop of 6,858 super Spartans registered, we've had but 31,691 seeking Health office aid.

Now that we've taken a look at statistics, we're apt to be misled. It just isn't true that we're that much stronger than the pre-war group. The truth of the matter lies closer to the fact that the Health office suffers from a shortage of physicians and sends many students to private doctors.

JUST AMONG OURSELVES

By Dr. T. W. MacQuarrie

It's been a great year, folks, one of our best, surely. The level of quality has been higher than ever. More hard work, more achievement, more art, more skill, more service to humanity.

Productions have been outstanding. The Spartan Daily has, I think, reached its highest point. "The Reed" made a welcome appearance. I hope we may keep it up. Then those color plates in La Torre, no Christmas calendar this time. "Robin Hood"—some of us remember the last attempt about twenty years ago, and wish we didn't. It was terrible, terrible—but the last version of "Robin Hood" was grand. That's the only time I ever went to a production twice—and Edith did not give me a special rate either.

It seems to me also that we have had more public service than ever. More organizations did something for the school. The Knights have been at it hard all year, from common labor with the parking lines to the movies. They added real money to the Chapel Fund. I can't list all of the helpful groups, for some are secret, I understand, and work in the dead of night. But I like those Spears. They're always on the job. Pats of mine, sort of.

And the ROTC—Excellent the first year! I was proud of them.

But we had a little too much money to spend this time. Student body fees reached an enormous amount, and tempted waste. A surplus is always hardest to manage. I doubt if we should ever

compensate a student for Student Body activity. He gets himself elected, presumably to serve. That is honor enough. Neither should the college give credit for such

work. We don't of course, but there's always pressure to do something of the kind. These and allied problems are matters we must consider next year. We need some definite and well established principles.

But it has been a great year, folks, one the old college will long remember. May I thank all of you who helped, and wish all of you, without reservation, health and happiness.

'Madame Sans Gene' Play Chosen By Iota Delta Phi

Members of Iota Delta Phi, French honor society at San Jose State college, have selected the French play which will be produced by their group next winter quarter.

The play is "Madame Sans Gene," a historical comedy written by Victorien Sardou.

According to Merlin Farr, reporter for Iota Delta Phi, the play will be presented during the first weeks of January, 1949. Dr. Boris Gregory will direct the production.

Presentation of a play entirely in French is an annual project of Iota Delta Phi. The productions have proved popular with French-speaking people in this area, and have received commendations from the French embassy in San Francisco.

Twin Engined Plane Arrives On Campus

A Cessna, UC-78, twin engine, 5 passenger plane was delivered on the campus last week.

The plane is a fabric covered, low winged monoplane. The full span cantilever wooden wing is in one piece and difficulty was encountered in bringing it from the air field.

"Students will assemble and rebuild the plane," Mr. Donald L. James, Aeronautics head, explained. "Later they will use the plane for inspection purposes."

San Jose Graduates Number Highest

Geographical breakdown of the graduating class at San Jose State college finds San Jose seniors in the lead.

A total of 206 San Joseans will graduate. Tie for second place are 26 seniors each from Palo Alto and Los Gatos.

In third place is Santa Cruz with 18 seniors graduating. San Francisco claims 16 and Sacramento 14.

Redwood City, Modesto, Oakland, Mountain View and Santa Clara each relinquish 12 graduates.

Further breakdown is as follows: Sunnyvale 10, Hayward 9, Burlingame 9, Campbell 7, San

Mateo 7, Stockton 6, Cupertino 6, San Leandro 6, Los Altos 6, Turlock 5, Carmel 5, Hollister 5, Santa Rosa 4, Westwood 4, San Carlos 4, Salinas 4, Watsonville 4.

Twelve other cities of California each supply three graduating seniors; 16 cities claim two students each; 79 cities each contribute one graduating senior.

Supt. Warns On Locks And Lockers

Students who have book lockers are reminded to clear them by August 6.

Byron Bollinger, superintendent of grounds and buildings, warns that persons having their own locks on their lockers must remove them by that date or face the possibility of having them confiscated.

Prof. H. E. Jackson To Attend Conference

Professor Hartley E. Jackson, printing instructor in the Industrial Arts department, announced that he will leave June 17 for New York City where he will attend the 23rd annual conference of the National Graphic Arts Education association of which he is the secretary.

The conference will be held at the Hotel Pennsylvania and will last from June 21 through June

23. General theme of the conference is "Printing and Education Are Inseparable."

According to the News Bulletin of the NGAEEA, Professor Jackson will serve as chairman of a panel session on the subject "What Constitutes a Proper Course of Study on Various Education Levels."

Here's The Deal

By BARNEY BARNETT

Tradition, something that is very holy at San Jose State, has it that, for the last paper of the quarter, the sports editor should write a farewell column. In this column he is supposed to tell everyone how sorry he is that his regime is at an end and how he will miss covering the antics of the Spartan athletes.

NOT THE CASE

However, in our situation this is not quite the case. Frankly we are glad that we are that much closer to cracking that gold mine known as journalism. It would not be amiss though, to thank the members of the athletic department for their kind cooperation during the past quarter.

It has been our pleasure to watch the Spartans take a couple more steps toward the big time. The signing of the St. Mary's game and the hiring of men like Danny Hill and Hampton Pool are definite marks of progress.

NO CONFERENCE

We had hoped to be able to report the formation of the new conference by this time. The situation is still in a state of flux with several details yet to be ironed out before it can become a reality.

We take it as a compliment that no one wrote in to complain about our sports page. This proves (1) everyone liked it or (2) no one read it. Of course no one wrote in to compliment us, proving (1) no one liked it or (2) no one read it.

GREAT STAFF

To the cotton pickers that made up the sports staff we wish to extend our warmest thanks. In our opinion they constituted one of the best staffs the Spartan Daily has ever had. If some one were to be so mad as to put us in charge of a metropolitan paper's sports department we know of no other reporters we would rather hire. So to Dave Parnay, Arnold Wechter, Carl Underwood and Rex Parrish we say many thanks for your fine cooperation.

It is also fitting that we extend our gratitude to Paul Cane, Hal Souza and Paul Von Hafften for their timely pinch hitting and other welcome contributions. We must also thank Bob Blackmon for taking time from his day editor duties to cover football practice.

Well, guess that's all there is, there just isn't any more. So, after four harrowing quarters, "Here's the Deal" slinks out of the paper.

Spartan Daily SPORTS

SJ TRACKMEN IN NATIONALS

The lone Spartan representatives at the National Collegiate track and field meet, June 18-19 at Minneapolis, will be discus thrower Woody Linn, and Thelno Knowles, 880 star.

Two weeks later in Milwaukee, Bob Likens, Ray Overhouse, and Gene Haynes will join them in the AAU meet, July 3-4.

Since all the outstanding trackmen in the U. S. are competing in these meets, only Likens, NC2A javelin champ in 1946 and '47, has a good chance to making the Olympic team. The blond spear ace has been topped by only Dr. Steve Seymour of the Los Angeles Club this season, and is an excellent bet to make the U. S. squad.

Linn could wind up among the top discus tossers if he is able to surpass his best heave of 158'4". Several platter men have thrown over 170' this season, however, including Minnesota's Fortune Gordien (179'), Yale's George Frank (171'), and Frank Kedera from Texas A&M (170'). Overhouse, whose top mark is 162', will be up against the same competition.

Knowles faces an 880 field in both meets that is more than loaded. Bill Clifford, last year's NC2A champ, his teammate, Mel Whitfield, USC's Bob Chamber's, and New York U's Reggie Perman have all bettered 1:52, a mark Knowles has not approached this season.

TOP WAA BERTH SHARED BY TWO

"The Fly Swatters" and the "Naughty Girls" share top honors in League Two of the recently reorganized WAA Baseball Tournament. Both teams played four games, winning three and playing a 4-4 tie in their last game. The DDT's outfought the Blue Frogs to the tune of 3-2 to take third place.

League One ran into a little bad luck when too many other activities forced Alpha Phi and the YWCA to withdraw from the league. The Hot Shots and the Fighting Irish fought for top honor with the Shots taking the edge on the Irish with a score of 13-2.

SJSC GOLFERS EYE NATIONALS

San Jose State's golf team, one of the top contenders for the National Collegiate Championships, will meet the San Jose Country Club on the Club's course this Sunday. The match will be the Spartans' last in preparation for the Nationals which will be held at Stanford University starting June 27.

The National Collegiate will start Sunday, the 27th of June, with an exhibition Best-Ball match between selected members of the Eastern and Western schools. Competition for the Maxwell Cup, emblematic of team superiority, will start Monday with the first of four 18-hole qualifying rounds which also constitute the team championship. Match play will start Wednesday and the finals are scheduled for Saturday.

The Spartans will be represented by Morgan Fottrell, Eli Bariteau, Bobby Harris, Howard Verutti, Warren McCarthy, and Ross Smith. The toughest opposition will probably come from Louisiana State University, the defending champion.

The 1936 Olympics were held in Berlin.

GRID DUCATS GOING FAST \$13.20 VALUE FOR \$10.00

By ARNOLD WECHTER

Planning to take Mom and Dad, or the gal friend, to the Spartan's home football games this season? If you are, better trot around to the Graduate Manager's office and reserve their season tickets for them. They are going fast, and there are only a few left.

The book which gives you a \$13.20 value for \$10.00 includes six home games. In addition you receive the convenience of having the same seat reserved for each game.

The season book does not include tickets for the Stanford game, which is to be played at Palo Alto, or the St. Mary's game, but Graduate Manager Felse stated that applications for tickets for those games may be made at the time season tickets are purchased.

Games included in the season ticket are: Univ. of Nevada, Sept. 24; College of Puget Sound, Oct. 1; Santa Barbara, Oct. 22; Brigham Young, Nov. 5; San Diego State, Nov. 12, and Fresno State, Nov. 19.

Torch, Sword Elects Dr. E. Bogosian Goes Freeborn President On KEEN Tonight

Highlight of a recent meeting of Torch and Sword, basic Military Science society, was election of officers for fall quarter.

Doug Freeborn was elected president and Peter Stafford will take over the vice-president spot.

Secretary will be Merle Fagundes while Richard Nicolls will fill the treasurer position. Chaplain will be Ward Tew.

A smoker was scheduled for Thursday evening at Alum Rock park to fete members and pledges. Those not having rides are asked to meet in front of B 63 at 6:45 Thursday.

Dr. E. Bogosian, assistant professor of English at San Jose State college, will be interviewed by Bob Doerr this evening at 8:30 on station KEEN.

Dr. Bogosian and Doerr will discuss academic freedom and will place special emphasis on the situation in this area.

The program is a weekly feature, sponsored by the San Jose chapter, American Veterans committee.

Alpha Eta Rho Holds Initiation

Alpha Eta Rho, aviation fraternity, held a formal initiation banquet last Thursday night at the Club El Morrocco, on El Camino Real, to welcome into the organization four new pledges.

George Genevro, graduating president, Mario Bonicelli, president-elect, and Thomas Tanna, secretary, administered the rites to the new members, who are Kenneth W. Raensch, Robert J. Moore, Ross Jacobson and William Alexander.

At a recent meeting, Bernie Mc-Nown was elected treasurer of the group to fill the vacancy left by Harold Watts who is a graduating senior.

OT Club Chooses Officers At Meet

Pat Corbett was elected president of the Occupational Therapy Club at the last meeting of the quarter. Lee Boules was elected vice-president and Gayle Smith, secretary-treasurer.

Travel in comfort at low cost

Ride in chair cars
on our finest,
fastest trains!

No other form of low-cost transportation gives you the comfort, convenience, luxury and safety you get in chair cars and coaches on Southern Pacific trains.

You can read, write, play cards, enjoy the scenery, or sleep, as you ride. There's plenty of room to move around and stretch your legs. Most trains are air-conditioned and offer porter service. You'll find meals delicious, prices moderate, in dining and coffee shop cars. (Eating on the train is fun.)

The engineer does the driving. You relax, completely comfortable, no matter what the weather outside. Steel rails are the safest highway ever built.

You'd expect all this to cost a lot—but it doesn't. Coach and chair car fares are very low and are good on our finest and fastest trains: the streamlined Daylights between San Francisco-Oakland-San Jose-Sacramento-Stockton and Los Angeles; City of San Francisco and San Francisco Overland, fastest trains to Chicago; the Beaver to Portland; Golden State and Imperial, Los Angeles to Chicago; and Sunset Limited, Los Angeles to New Orleans.

On some trains, seats are numbered and should be reserved in advance.

Next trip, try chair cars and coaches on S. P. trains.

S-P The friendly Southern Pacific
